

NAVC NAMED AMONG TOP 100 COMPANIES OF 2017 BY THE ORLANDO SENTINEL

ORLANDO, FL — August 30, 2017 – The North American Veterinary Community (NAVC) was recently named one of the 2017 *Orlando Sentinel Top 100 Companies*, by the *Orlando Sentinel* and Best Companies Group for exemplifying leadership, camaraderie and company culture.

This survey and award program identified, recognized and honored the NAVC among the best places of employment in Central Florida, benefiting the region's economy, its workforce and businesses.

Known for wagging tails, creative ideas and collaborative teams around every corner, the NAVC is a not-for-profit organization committed to providing world-class continuing education for the veterinary community it serves. The staff members are serious about their passion and commitment to excellence and innovation within the veterinary profession, but they're also authentic and customer-driven, which is evident through the NAVC's social media networks and quarterly staff newsletter. From putting on one of the world's largest veterinary meetings to becoming the largest publishing organization in the veterinary profession, The NAVC is proud of its many initiatives that keep the staff excited and engaged.

"This award means so much to the NAVC and we're honored to be included in this list," NAVC CEO Tom Bohn, MBA, CAE, said. "Building a company culture that our employees are proud to be a part of has been our goal since opening an office in the Orlando market two years ago. This award proves that we have accomplished that. We're excited for many more amazing years in the The City Beautiful."

Organizations from across Central Florida entered the two-part survey process to determine the *Orlando Sentinel Top 100 Companies*. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. The second part consisted of an employee survey to measure the employee experience. The combined scores determined the top organizations and the final ranking. Best Companies Group managed the overall registration, survey and analysis process and determined the final rankings.
