

Bring the HEART Hone

January 25-29, 2025 OnDemand through March 30

PROGRAM

NAVC.com/VMX/Virtual

Until something more advanced came along.

UPGRADE YOUR CANINE UI TREATMENT TO TODAY'S TECHNOLOGY.

Visit us in booth #3813 at the VMX tradeshow.

ONCE-DAILY

Convenient **once-daily dosing** can help improve client compliance.

CONSISTENT MA

Patented **extended-release technology** decreases fluctuation in blood levels throughout the day.

PREFERRED

once-daily dosing of PROIN ER.™

TRUSTED'

The only once-a-day, **FDA-approved** medication for urinary incontinence (UI) due to urethral sphincter hypotonus in dogs.

PROIN ER™ Approved by FDA under NADA # 141-517

IMPORTANT SAFETY INFORMATION:

For oral use in dogs only. Not for human use. Keep out of reach of children. If accidentally ingested by humans, contact a physician immediately.

The most commonly reported side effects were vomiting, loss of appetite, diarrhea, excessive salivation, agitation, tiredness, vocalization, confusion, increased water consumption, weight loss, weakness, fever, panting, and reversible changes in skin color (flushing or bright pink). Abnormal gait, seizures or tremors, as well as liver enzyme elevations, kidney failure, blood in urine and urine retention have been reported. In some cases death, including euthanasia has been reported. Sudden death was sometimes preceded by vocalization or collapse. Instances of dogs chewing through closed vials of PROIN® and eating the vial contents have been reported, in some cases resulting in overdose. Keep the product in a secured storage area out of the reach of pets in order to prevent accidental ingestion or overdose, as dogs may willingly consume more than the recommended dosage of PROIN® Chewable Tablets or PROIN ER™ tablets. Contact your veterinarian immediately if the dog ingests more tablets than prescribed or if other pets ingest PROIN® Chewable Tablets or PROIN ER™ tablets.

PROIN® and PROIN ER™ may cause elevated blood pressure and should be used with caution in dogs with pre-existing heart disease, high blood pressure, liver disease, kidney insufficiency, diabetes, glaucoma, and other conditions associated with high blood pressure. Dogs may transition from PROIN® Chewable Tablets to PROIN ER™ without a break in administration. However, do not alternate PROIN ER™ with PROIN® Chewable Tablets because the effectiveness and safety of interchangeable use have not been evaluated.

The safe use of PROIN® and PROIN ER™ in dogs used for breeding purposes, during pregnancy or in lactating bitches, has not been evaluated. Contact your veterinarian if you notice restlessness or irritability, loss of appetite, the incontinence persists or worsens, or any other unusual signs. See prescribing information for complete details regarding adverse events, warning and precautions or visit propharmacal.com.

January 25 - March 30 • Online Everywhere

We are excited to welcome you to VMX Virtual, where the world's leading veterinary event comes to YOU, wherever you are, with live speakers, interactive sessions and OnDemand education!

As part of your VMX Virtual experience, you'll find hundreds of hours of CE and some really fun events and activities planned just for you. Plus, we'll keep you posted with everything happening at the in-person event in Orlando, so that even from home, you'll feel connected and just as much a part of the event that you love and look forward to year after year.

Virtually there

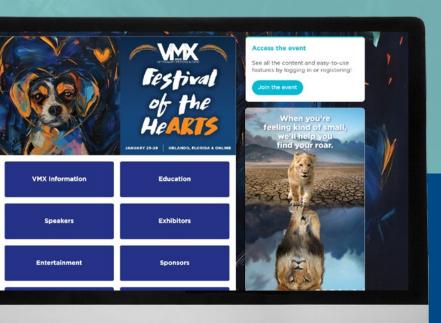

Watch and Learn

After the conclusion of VMX in Orlando, January 25-29, 2025, sessions will remain active on VMX Virtual. More than 220 continuing education (CE) credit hours will be offered OnDemand after their premiere. With a variety of program tracks available, VMX Virtual covers content for all members of your veterinary team.

VMX Scheduled/Livestreamed Sessions, complete with a chat room and moderator, will require attendees to be present online during the premiere of a session.

VMX Virtual scheduled sessions will be similar to traditional onsite sessions and will be logged into your Record of Participation. After the session premieres, it will be available OnDemand, and CE must be earned by passing a brief quiz.

VMX OnDemand Sessions will feature recorded CE sessions after they appear at their scheduled times. Attendees will be able to access these sessions 24/7 until March 30, 2025. CE can be earned by answering quiz questions at the end of each recording, with unlimited retakes to obtain a passing score.

For tips, guidelines and best practices for the ultimate VMX Virtual experience, please visit NAVC.com/VMX/virtual/tips.

2026

\$125 Early Bird Registration

Available now for a limited time.

NEW EXPO DAYS FOR 2026: Saturday-Tuesday

Log in and connect

How to Get Started

This year, the entire virtual conference will exist on one platform — you can access the content via the NAVC Events App on your mobile device or on your computer at connect.navc.com.

Let's log in.

- You can either download the app or open the platform on your browser.
- Log in with your NAVC account.
- Don't have an NAVC account? Sign up with the email address you used to register for VMX.

Follow the prompts on screen to access your VMX Virtual experience.

Once you're logged in to VMX Virtual, you'll be connected with everything you need for an amazing experience. Here's a sampling of what you'll see:

- Program
- Livestreamed Entertainment
- VMX Highlights
- Ways to connect with other virtual attendees
- CE Quizzes & Certificates
- NEW! VMX Virtual Games, Random Prizes, and a Grand Prize!

Need Help?

If you have trouble, help is just a click away!
From the VMX Virtual platform, you'll be able to ask questions and get all the support you need. Call +1.352.375.5672 or toll-free +1.800.756.3446 and listen for the "VMX Virtual" prompt.

QUESTIONS?

info@navc.com

How-To-Tips

- Arrive up to 15 minutes prior to your session start time.
- Make sure your headphones are fully charged.
- Don't learn on an empty stomach.
- Make the most of VMX entertainment events by clearing your space, finding some fun lights, bringing refreshments and inviting your family to a living room watch party!
- Engage with fellow attendees and ask pressing questions you never had the chance to before in VMX Virtual Chats.
- Follow NAVC's social media channels for the latest update. To tell us what and from where you're learning using hashtag #VMX2025.
- Have fun and don't stress! If you miss a virtual session, you can watch it OnDemand later.

How do I get my CE Certificates?

From the VMX 2025 homepage, click "CE Certificates" to access your CE Certificates and Record of Participation.

IMPORTANT NOTICE for OnDemand VMX Virtual Sessions:

You are required to pass a brief quiz prior to printing your OnDemand session certificates. Please go to the Virtual session and complete the CE Quiz. If you do not pass the quiz, CE credits or certificates will not be awarded.

In the VMX Virtual program schedule, you'll find "Scheduled" and "OnDemand" sessions. Scheduled sessions will include the ability to ask questions and engage with the speakers, as available. Sessions that are noted as "Livestreaming" sessions are coming to you in real time, from the room as presented in Orlando to on-site attendees.
